HOW THE COINAGE VARIED.

Half CentsNone in 1798, 1799, 1801. None from 1812 to 1824 inclusive. None in 1827, 1830, 1837, 1838, 1839. Discontinued in 1857.
CentsNone in 1815, the only centless year. In 1816 nothing but cents. The U. S. cent holds the palm for continuous coinage, lacking only one year of being complete; and the 1816 cent also has the distinction of being the only coin issued during an entire year. Until 1908 *all* U. S. cents were coined at Philadelphia Mint. Since then San Francisco Mint also issues them; they have letter S on reverse or obverse. In 1909 there were two types, with six varieties of the cent, viz.: Indian head and Lincoln head, the latter with and without VDB by Philadelphia Mint, and the same by the San Francisco Mint.

LIST OF RARE U. S. COINS

INDICATING SOME OF THE RARITIES.

- Half Cents1793 to 1797; 1802. The 1796 is the rarest of the series. All of the following dates are very rare: 1831; 1836; 1840 to 1848; 1849, small date; and 1852.
- Cents1793 to 1823; 1856 Eagle. The 1793 Clover Leaf variety is the rarest of all U. S. cents; only 3 known. No specimen has been offered in many years. Two of the best are in a well-known Chicago collection. It would be very gratifying to know where other specimens are located. The 1793 Chain Ameri, Liberty Cap, Chain America, Wreath lettered edge and plain edge; 1794; Reverse with 87 minute stars; 1799, 1804, and many other of the dates referred to are very rare. The 1799, 1804 and 1856 Eagle Cents are very popular among collectors.
- Two Cents1863 and 1873.
- Trimes1855; 1863; 1864; 1865; 1867 to 1873.
- 3c. Nickel1877; 1878; 1884 to 1887.
- Half Dimes1794 to 1797; 1800 to 1803; 1805; 1846; 1863; 1864; 1865; 1866; 1867—all S. The 1802 is the rarest of the series, one of the rarest of the Silver Coins. There is also a very rare specimen of the 1859 Half Dime without the legend U. S., of which it is claimed only 4 or 5 were struck before they were suppressed. The 1838, no stars, O, is extra rare.
- Dimes1796; 1797; 1798; 1800 to 1805; 1822; 1844; 1894S; 1804 and 1894S are rarest Dimes.
- 20c. Silver1877; 1878.
- Quarters1796; 1804 to 1807; 1820 to 1824; 1827; 1853, no arrows. The rarest Quarters are 1827 and 1823 in the order named, with many of the other dates given. Very difficult to find in fine condition—1806 over 1805 is excessively rare. Mr. Low's last sale of a superb specimen brought \$165.00.
- Half Dollars ... 1794 to 1797; 1801 to 1803; 1897; 1815. 1836 Reeded Edge; 1838 O under bust; 1852; 1853; no arrows or rays. The rarest Half Dollar is the 1838 O under bust, with 1796 and 1797 next, and many of the dates named are very difficult to obtain in fine condition. The 1853 Half Dollar, O—no arrows and rays, is regarded by many competent collectors as a myth. No specimen can be located.
- Dollars1794; 1804; 1836; 1838; 1839; 1851; 1852; 1858; 1873 S; 1895 P. Of these the 1804 is the rarest Dollar, with 1794 second rarest, and the Pattern Dollars of the thirties and fifties all very rare.
- Trade Dollar ...1884 excessively rare; said to be only 5 known.

U. S. GOLD.

- Gold Dollars ...1854 C, only 4 coined, no specimen known; 1855 and 1856 D; 1860 and 1861 D, only 5 known; 1863 to 1872 P; 1870 S, only 6 said to be known; 1875 to 1880 P. 1854 C is the rarest Gold Dollar. The majority of the dates named are very rare, and all of them, together with the Octagon and Round California Dollars (which were of private origin) command good premiums. A glance at the prices realized for these pieces will show how they have appreciated in value—Mr. Mehl reports the sale of an 1861 D at \$350.00.
- \$2.50 Gold1796; 1797; 1798; 1802; 1804; 1805 to 1808; 1821; 1824; 1825; 1826; 1827; 1829 to 1833; 1834 with Motto; 1837; 1840; 1842 P & O, extra rare; 1843 to 1848; 1845 O, extra rare; 1850 to 1869; 1871 to 1873. The 1834 with Motto is probably the rarest, with 1797, 1826 and 1842 P following in their order. Many of the other dates, with their varieties are very valuable and rare; 1841 P, only 2 known.
- \$3.00 Gold1858; 1866; 1870 to 1873; 1875 to 1877; 1881 to 1889; 1873; 1875 & 1876 are very rare. 1870 S the rarest—only 2 known.
- \$4.00 Gold1879 and 1880—Pattern Pieces. Two varieties of each. The closely plaited hair variety of 1880 is rarest, the flowing hair of 1880 next, and the plaited hair of 1879 is third, while the 1879 flowing hair is more numerous. All but the latter are excessively rare. Of the plaited hair variety, only two or three are known, and of the flowing hair variety for 1880 the number is quite as small.
- \$5.00 Gold1795 to 1800; 1815; 1818; 1819 to 1823; 1834 with Motto; 1837; 1838; 1841 D; 1843 to 1845 D; 1846 D & C; 1847; 1849 C; 1850; 1853 O; 1854 S; 1861 C & D; 1862 & 1863 P; 1864 P & S; 1865 to 1872 P; 1875; 1876; 1877 P and 1887 P. The rarest dates are about as follows (their value based upon prices they have brought at auction sales), viz: 1822; 1815; 1819; 1827; 1828; 1829; 1832; 1797; 1824; 1825; all very rare and command very high prices. The balance of the list are also rare and some of them difficult to obtain. There is one variety of the 1798, with a Small Eagle, of which only 2 are known.

- \$10.00 Gold1795 to 1801; 1803 & 1804; 1838; 1841 O; 1841 P; 1855 S; 1857 O; 1858 P; 1859 O; 1863 & 1864 P; 1864 S; and 1866, 1867, 1869 to 1873, and 1875 to 1877, all P; and the 1907, two varieties of St. Gauden's, the wire edge and the flat edge, the latter of which must be considered the rarer of the series—only 50, it is claimed having been coined. The 1798, 4 stars facing is very rare.
- \$20.00 Gold1854 and 1856 O, and 1882 to 1887, all P, and 1907, St. Gauden's, high relief, wire edge and same with smoother edge. The 1849 \$20.00 gold piece is the rarest of the series. It is unique, the only one coined in that year, and is owned by the United States Mint at Philadelphia. This piece of money probably enjoys the distinction of having had the highest price bid for it of any coin in the world—\$35,000.00 was bid for it a few years ago by one of our Pittsburgh collectors. The offer was politely refused, with the statement that the coin was not for sale.

CALIFORNIA GOLD DOLLARS.

Octagonal—1853, \$4.00—N. \$11.00; 1854, \$5.25; 13 Stars, \$10.20; 1855, \$4.50; 1860, \$4.35; 1868, \$4.75; 1874, \$5.20; 1875, \$4.75; 1876, \$4.50.
Round—1854, \$11.00; 1872, \$5.25; 1876, \$3.50; N. D., \$2.00.

The above is but a partial list of the 25c, 50c and \$1.00 California private gold pieces—enough, perhaps to show their value. A careful assembling of the 25c and 50c pieces show about 250 varieties. The Dollars are much smaller in number; only about 30 varieties of the Octagonal and about 7 of the Round, and all of them difficult to obtain.

LIST OF PRIVATE GOLD ISSUES.

The following is presented as an accurate and nearly complete list of these valuable pieces. So far as we can learn these comprise all *known issues*. Other pieces were designed but were not struck in gold. Some few examples that were made in metals other than gold, are omitted.

The compiler is especially indebted to Messrs. Lyman H. Low, New York, and John A. Beck, Pittsburgh, for valuable information and assistance given.
